João Lapas

Junior Software Engineer (Student)

EDUCATION

BSC IN SOFTWARE ENGINEERING   **Sep 2025 - Present**
Universidade Aberta   Undergraduate

- Computer Architecture | Information Systems Modeling |Computer Systems | Engineering Ethics and Practices | Linear Algebra | Calculus (Analysis) | Discrete Mathematics | Probability and Statistics

SKILLS

C#*(Intermediate)*, .Net*(Intermediate)*, Java*(Beginner)*, C*(Beginner)*, Typescript*(Beginner)*, Html & CSS*(Intermediate)*, Programming logic*(Intermediate)*, Algorithms and problem solving*(Intermediate)*, Object-oriented programming (OOP)*(Intermediate)*, Software development lifecycle concept*(Beginner)*, Git*(Intermediate)*, CLI*(Intermediate)*, SQL*(Beginner)*,

--,

Proactive attitude toward skill development, Curiosity and strong willingness to learn, Teamwork and collaboration, daptability and problem-solving mindse, Respect for different perspectives, Continuous learning and self-improvement, Ability to learn new technologies quickly, Openness to feedback and mentoring.

COURSES

.NET PROGRAMMING - 300H   **Sep 2023 — Jan 2024**
IEFP

META FRONT-END PROFESSIONAL CERTIFICATION   **Jan 2023 — Apr 2023**
Coursera

MICROSOFT FOUNDATIONAL C#   **Nov 2023 — Nov 2023**
freeCodeCamp

PROJECTS

.NET/ANGULAR - CROWN - ECOMMERCE   **— Present**

- Developed a full-stack e-commerce application using .NET Web API and Angular
- Applied Clean Architecture principles and RESTful design
- Used MySQL database, Redis caching, and Docker containerization - responsive layouts

.NET MVC - INKWORKS - BUSINESS MANAGEMENT   **— Present**
WEBSITE

- Developed a full-stack web application for small business management with public website and secured back office
- Implemented client records, work orders, scheduling, messaging, image management, and role-based access control
- Used .NET and SQL Server to manage data and application logic

REACT SPA PORTFOLIO   **— Present**

- Built a React-based SPA portfolio to present multiple frontend projects
- Used component-based design and responsive layouts
